BONAVITA, TRAINER,
DIES IN NEW YORK

Wonderful Handler of Lions,
Who Made Many Friends Here,
Dies From Blood Poisoning.

Private letters received in this city a day or two ago from sketches of Bonavita's animal show, now at New York, announce that Bonavita, the lion tamer, so well known in this city from the winter spent here by the show, died a day or two ago in New York of blood poisoning, caused by wounds inflicted by the three beasts. It was known here that the intrepid animal trainer was suffering from blood poisoning, but it was not anticipated that his injuries would prove fatal.

Bonavita made many friends during his stay in Richmond during the winter of 1905, and since leaving here has written occasionally to some of the West End young men with whom he associated while in this city.

The many thrilling experiences of the trainer with his unruly charges in this city made it apparent that the fierce beasts would kill their master.

TO BE CONTINUED.

No Change to be Made in Conduct of Kirkwood Restaurants.

Mr. Horace B. Kirkwood, founder of the system of restaurants in this city which have been so successfully conducted for several years, died intestate, leaving a considerable estate, which included much city and country real estate, the proceeds of the business of the restaurants, and considerable personal property. One of the four restaurants was conducted by his son, and will continue to be operated by him. Until the estate is settled up the other restaurants will also be operated by Mr. Kirkwood, and it is likely that they will thereafter be operated on the same line as in the past, either by the widow or the father of the deceased.

The business was carried on in the name of Mrs. Kirkwood, whose assistance to

her husband was the greatest incentive he had, and aside from the personal estate of Mr. Kirkwood, which amounted to less than \$5,000, the entire estate is worth about \$50,000.

NEW RAILWAY STATIONS.

Three Handsome Ones Being
Constructed by the C. & O.

The Chesapeake and Ohio railway is having constructed three large passenger stations at points along its main line. One of these is at Charlottesville, another at Gordonsville, and the third at Charlottesville, Va. The two stations in Virginia are being erected by Contractor J. M. Wilson, of this city. The Charlottesville station is to be a commodious and handsome brick structure, and the first story is already reared. It is just west of the present station. Besides the building, a track extending for a hundred feet to the westward will be constructed.

The foundations for the Gordonsville station are about up to the level of the track and work on the superstructure will be pressed.

The Charlottesville, Va., station will be the handsomest of the trio. Drawings of it are to be seen in President Stevens' office.

PEOPLE STILL GOING.

World's Fair Travel From This
Section Continues Heavy.

"World's Fair travel from this city and section is holding up splendidly," said District Passenger Agent Warthen, of the Chesapeake and Ohio railway, to a reporter for the Times-Dispatch yesterday. "Besides the individual travel, which is heavy, many large parties are being made up to make the trip this month and in October. The October travel promises to be the heaviest yet. Mr. Warthen stated that there was a likelihood of any reduction of rates, the travel at the existing rates being so heavy that the roads can secure Pullman accommodations for.

Fined for Disorder.

In the Police Court yesterday J. R. Lipscomb and C. L. Kahn, two young white men, were each fined \$10 and required to give sixty days security for creating a disturbance at No. 149 East Franklin street.

All ladies of the city will be eligible to election. Votes will cost one cent. Three prizes will be awarded, first a diamond ring, second a gold watch and the third a gold handled umbrella. Every man, woman and child may vote, and as many times as they wish.

TOWN COUNCIL ACTS.

Take Action Against the Over-
crowded Colored Cemeteries.

At a meeting of the Town Council of Richmond, held last night, the council took action to relieve itself of the objectionable feature of the city, the overcrowded colored cemeteries. The council passed a resolution requiring the trustees of these cemeteries to have a plat made of the burials, showing the exact number of burials in each section, and the various sections, giving an accurate list of the owners.

The town surveyor has estimated that the space of the cemeteries does not exceed 17,000 graves, and that there have been 22,000 colored deaths during the last twenty years, practically all of which were buried in these cemeteries.

It is said that the ordinance will prevent any further trouble and close there are no more colored burials in the cemetery. Most of the colored burials are now being made in "Evergreen," a cemetery just below Oakwood.

OYSTER SEASON ON.

Taking of the Toothsome Shell-
Fish Now Lawful Occupation.

The oyster season is open. To-day is the first under the new statute when oysters may be lawfully taken from the waters of the State. Heretofore the season has opened September 1st, but a recent session of the General Assembly changed the taking of oysters to the middle of the month. This action was taken in order that the supply of seed oysters might be increased, and to prevent the tendency toward depletion of the industry in the State.

Reports from the various oyster grounds indicate that the mollusks are abundant and of excellent quality. The oyster will get to work to-day, and the city will soon be abundantly supplied with Virginia oysters. Those heretofore marketed have been from planting grounds of private owners. Thousands of men and hundreds of boats of every description will now get busy harvesting the delicious shellfish or the large markets. The oyster will be so cheap on the Washington markets last week that several sloop owners refused to sell their catch and took the oysters back to plant.

Carter—Blount.

The wedding of Miss Susie Blount and Mr. Carter took place last evening in the city. The ceremony was performed by the Rev. J. H. Galloway officiating. The parlor was decorated with palms, cut flowers, and lamps.

The bride wore a brown tulle dress, with a white lace collar and a white lace train. She carried a bouquet of white carnations and maiden-hair ferns.

After the ceremony the delightful refreshments were served. Miss Blount is the daughter of Mr. and Mrs. W. B. Blount, who live at the city. She is a well-known and loved by everyone who knows her. Mr. Carter is a well-known business man.

The wedding was a very happy one, and many presents were made to the young couple. Mr. and Mrs. Carter are at home to their friends at Hummilt avenue, Barton Heights.

Mr. Knightley Promoted.

Rate Clerk Robert Knightley, of the Chesapeake and Ohio railway, has been promoted to the position of station agent at the city. Mr. Knightley is a well-known young man, and has taken great interest in athletics. He is a member of the Twin City Baseball League.

John Smith, Starbuck, Minn., writes April 15, 1907: "I have been in bed for four weeks with Sprained Back, caused by too heavy lifting. I have tried almost everything to cure it. Seeing what Hamlin's Withered Oil had done for others, I tried a bottle and in two days I was able to walk in case of need."

W. L. Steele, Santa Barbara, Cal., writes: "My child fell from a high chair upon a hot stove and burned his forehead and side of the head. We suffered intensely for three days, when we commenced using Hamlin's Withered Oil. The pain was relieved in twenty minutes and the burn healed in about five days."

Negro Highwayman Makes Good

His Escape After Having

Been Arrested.

Willie Lee (colored) is in Henrico jail charged with highway robbery, and John Pollard, who is wanted on the same charge, has fled from justice after having been arrested by Constable "Cyclone" Samuels, of the county.

Constable Samuels, together with a deputy, went after the accused and found him at his home, and the warrant was served upon him, but the negro asked that he be permitted to go in the house and dress before accompanying the officers to the jail. His request was granted, and after waiting some time Constable Samuels went in the house after the man, but upon making a thorough investigation he found that the highwayman had fled.

Willie Lee, the negro who was landed and placed in jail, is charged with having held up a negro, Solomon, Berkeley, by the Council Branch Station, and the latter is alleged that the negro Lee assaulted Berkeley and took \$2.50 from him. Pollard is charged with being implicated in the robbery.

The warrant was sworn out by Squire Thomas, who will go to the city tomorrow as soon as Pollard has been captured.

LABOR DAY PROFITS.

Trades Council Will Have Snug
Sum After Paying Expenses.

The Central Trades and Labor Council at its meeting Tuesday night heard preliminary reports from the Labor Day Committee, which had general direction of the celebration in this city. The gross receipts from all sources at the Labor Day celebration, which was held at the city, amounted to \$700, but the proportion of that sum which will be turned over to the council has not yet been figured out. Many expenses are to be paid out of the gross receipts, but it is estimated that after all these have been settled there will still remain a balance to the credit of the council, which will be deposited in its treasury. The council's share of the profits is probably reach, if it does not exceed \$200.

The council is now in excellent condition financially and in the morale and interest in its work.

AT THE CASINO.

High School Boys in the Role of
Actors.

"Ties, or Beyond the Rockies," was given at the Casino Tuesday night by the Richmond High School Debating Society for the benefit of the Belle Bryan Day Nursery and the Kindergarten.

There was a large and enthusiastic audience present, and the players, though amateurs, were thought to have done very good. Sweet Staples and Clara Evans made sweet, graceful young girls, while Morris R. and Tommie took the roles of elderly ladies with great credit to themselves.

Edwin N. Ezekiel kept the audience in a state of merriment by his numerous jokes.

Warren Pordaux, James E. Avery, Alvin Little, E. B. Bascory, Bert and Edwin Wortham, Jr., were all splendid and beyond play criticism.

The play was managed by Edwin N. Ezekiel, and he was assisted by Alvin B. Hutzler and Edwin Wortham, Jr. Over \$100 was cleared.

WHAT'S THE USE

To Keep a "Coffee Complexion."

A lady says: "Postum has helped my complexion so much that my friends say I am growing young again. My complexion used to be coffee colored, muddy and yellow, but it is now clear and rosy as when I was a girl." I was induced to try Postum by a friend who had suffered from indigestion and from a terrible loss of sleep. I had used Postum for a week, I was so much better that I was afraid it would not last. But now two years have passed, and I am a well woman. I owe it all to leaving off coffee and drinking Postum in its place.

I had drunk coffee all my life. I suspected that it was the cause of my trouble, but it was not until I actually quit coffee and started to try Postum that I became certain. Then all my troubles ceased, and I am now well and strong again. Name furnished by Postum Battle Creek, Mich.

BIG CROWD
TO BE THERE

Large Attendance From This
State Expected at Expositi-
on on Virginia Day.

Will Leave Saturday Night, Es-
corted by the Blues
Battalion.

The State of Virginia will certainly be properly represented on Virginia Day at the World's Fair. The party which will journey to the Exposition City next Saturday to represent the State, will be a brilliant one.

His Excellency, Governor A. J. Montague, with a full quota of staff officers, escorted by the Richmond Light Infantry Blues Battalion and the famous Stonewall Brigade Band of Staunton, together with wives of the members of the staff, will compose the party.

As to programme of exercises on Virginia Day, September 23d, nothing definitely has been decided, but it is probable that exercises will be held at the Virginia building on that morning, and several speakers will be heard. It is understood that in the evening a reception will be held at which the Governor and his staff will receive. This, of course, will take place at "Monticello."

The Governor will make a visit to President Francis at the administration building, and on this occasion he will be escorted by the Blues. It has been customary for the Governor's staff to the State to pay their respects to the Exposition president while visiting the great Fair.

The Blues will be encamped at "Model Camp," and will have dress parade each afternoon during their stay. It is said that they may enter into a competitive drill with another military organization, however, this has not been definitely decided. Should they do this, doubtless they will preserve their untarnished record and capture the palm of victory from their opponents.

The Stonewall Band is in excellent condition, and will carry about forty pieces. They will join the party when the special arrives at Staunton on Monday morning. They will, of course, appear in their handsome dress uniforms, which, with that of the Blues, will make a brilliant show.

A number of Richmond people have expressed a desire to go to St. Louis on the special train which will carry the Governor and staff and the Richmond Blues Battalion on the train leaving here at 11 P. M. Saturday. Any persons desiring Pullman reservations on that train can secure them by applying to District Passenger Agent W. A. Warthen, at once.
